I may be able to do either D or E but right now I don't know for sure.

HI Liz –

D and E still work for me. Maybe we should block them off and then talk about logistics as they get closer?

D) The week of August 3rd (open all week)

E) The week of August 10th (I would like to be back to Denver by the evening of the Thursday

the 13th)

Hi Joy,

Currently I am available C, D, and E.

We may be meeting with the town of Silverton on a more regular basis. We should know more after June 23rd. And we will be having a sampling event in July as well. It would be great if we could try and combine trips, if at all possible. If not, that's ok too!

Thanks,

Liz

I am adding August to my availability - you two can discuss in any of this will work:

A) The week of June 29th (July 4th is that Friday)

B) The week of July 6th (open all week)

C) Monday July 20th and Tuesday 21st (but I'd have to be back the morning of the 22nd – I could travel on Sunday the 19th) - so that might be too short)

D) The week of August 3rd (open all week)

E) The week of August 10th (I would like to be back to Denver by the evening of the Thursday the 13th)

I am open more in September but I think the weather is more iffy then

Subject: Schedule for Animas and Nelson tour?

HI Paula and Liz –

Paula mentioned possibly aiming for July to do a tour of the Animas area for others as well as me. If the schedule allowed we could combine that with a pass by the Nelson Tunnel site in Creede on the way to or from Animas (if driving).

(Summitville is also near Creede but it might be too much to add that and coordinate with Fran or Mark Rudolf's schedule for a tour there. ??)

I am open:

The week of June 29th (July 4th is that Friday)

The week of July 6th (open all week)

Or Monday July 20th and 21st (but I'd have to be back the morning of the 22nd – I could travel on Sunday the 19th) - so that might be too short)

Let me know if any of this would work

Thanks – joy
